

HOUSEHOLD CHANGE BY AGE & INCOME

Glen Ellyn is becoming older and more affluent

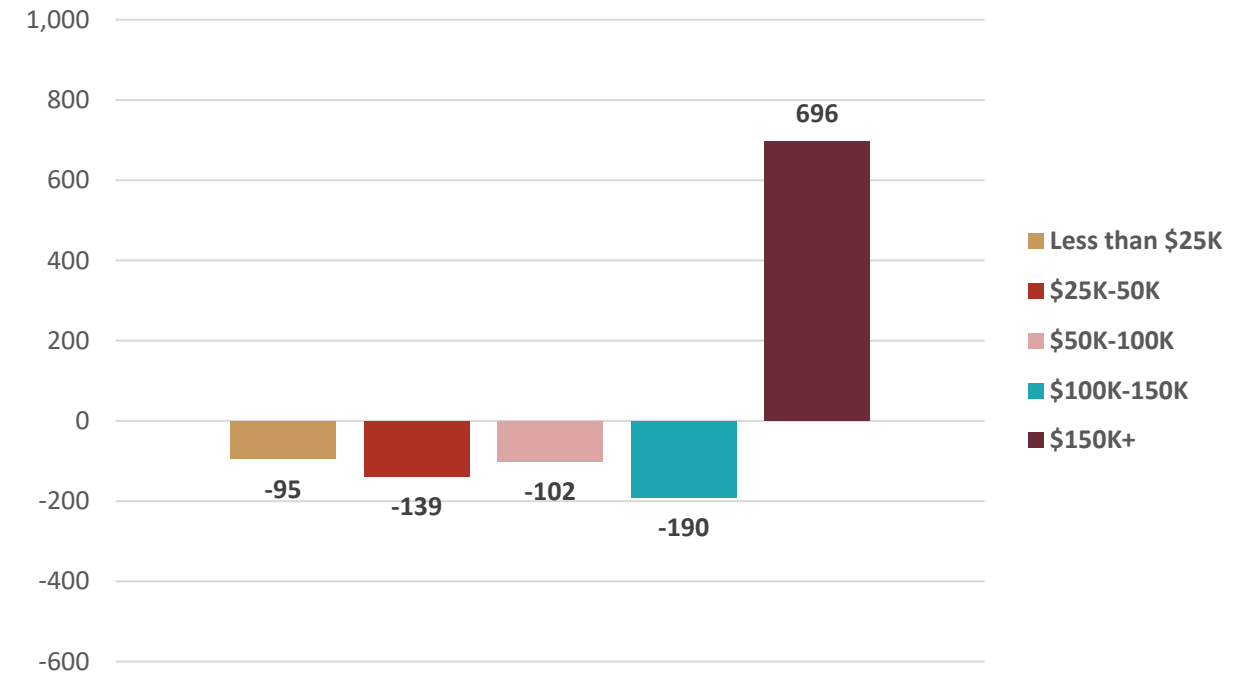

From 2010 to 2020, Glen Ellyn added approximately **325** total households. Glen Ellyn gained **945** households with householders age 55+ (empty nesters and senior cohorts) and **696** households with incomes of \$150,000+.

Meanwhile, the Village lost **622** households with householders under age 55 and 526 households with incomes less than \$150K. These trends are the result of people shifting into new age and income cohorts as well as in-migration and annexation.
